

September 20, 2022

Hello,

With great sadness, DASH has made the difficult decision not to move forward with any future endeavours and is in the process of winding-up its operations.

DASH also wishes to announce that Faye Willick, the organization's Executive Director, is retiring after 4 years of service. Faye will continue to support the organization as Executive Director until September 30, 2022. We wish Faye the best in her retirement.

We would like to thank Faye, DASH leadership, staff and the many partners that we have had the privilege to work with over the years including students, parents, communities, school administrators and staff, School Boards, Ministry of Health, Ministry of Education and other ministries and community groups within British Columbia.

DASH has served our Province for the past four decades and has been committed to the promotion, creation and support of healthy school communities in BC. We are proud of the many accomplishments and positive impacts that DASH has had throughout the years.

We hope that DASH's contribution to the improvement in the health and well-being of BC's children and youth will be its legacy.

Kindest regards,

Erin Takeshita
on behalf of

DASH Board of Directors
